CHANGES

This was a year full of changes at White Hall High. For students, that sudden change from heated, summer activities to silent, freezing classrooms brought them back to new realities that included computerized schedules and ID numbers.

Seniors, realizing their high school years were quickly coming to a close, faced decisions that would ultimately affect the rest of their lives. They began to realize their lives were in for a *big change*.

Top Right: **Sherry Park** appears to be having trouble deciding which sophomore should get the spirit stick: **Doug Barrow** or **Amy Alexander**.
 Middle Left: **Kim McDougal**, the model student, studies diligently while classmate **Nicole Westall** daydreams of an upcoming vacation.
 Middle Right: **Joey Thomas** displays his constant enthusiasm which enables him to make it through the days at WHHS!
 Bottom Left: **Brian Hamblin**, **John Clark**, and **Chico Sanchez** performed their "innocent yet mischievous" routine before embarking on another tough day!
 Bottom Right: **Terry Glover**, **Kevin Tuberville**, **Mike Pennington** and **Lisa Bradbury** listen closely to directions at practice for Homecoming Ceremonies.

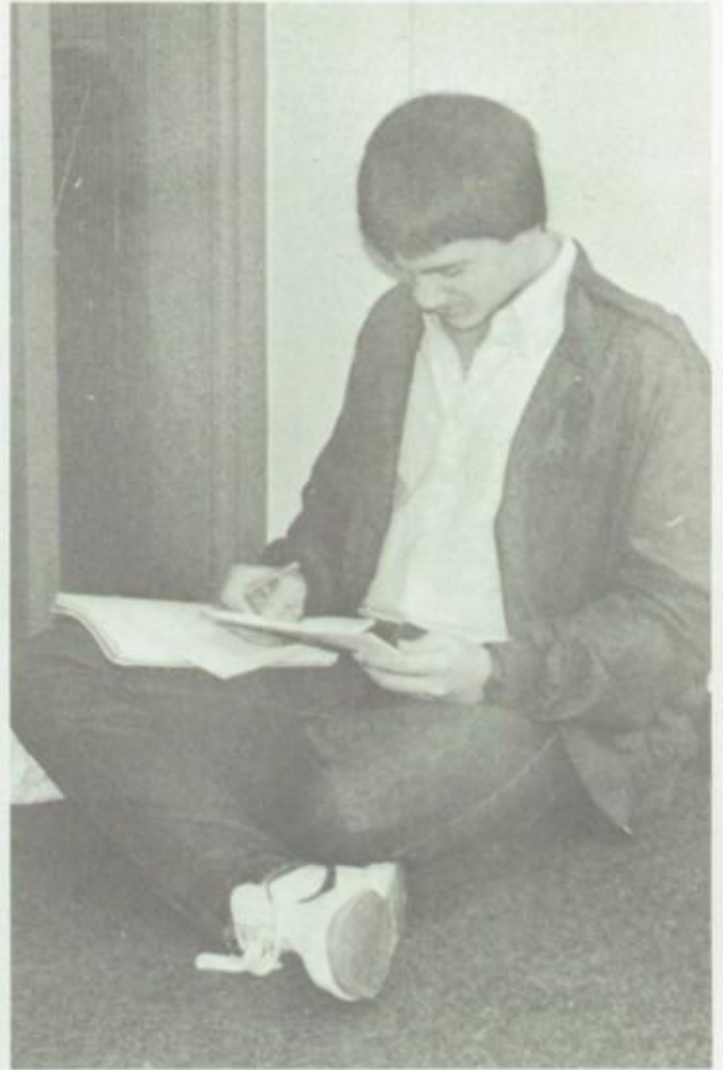

Juniors, recovering from the experiences of their sophomore year, prepared to follow in the footsteps of the out-going Seniors and eagerly looked ahead to their first prom.

Sophomores, condemned by upperclassmen from *Day One*, quickly made the transition from junior high to high school and patiently accepted senior pranks in stride.

Good or bad, we cannot halt this process of change; we must accept it as part of our life.

Left: **Barbara Quarles** not only learned a lot in Independent Living but had fun too!

Upper Right: Boy, doesn't everyone appear excited about the upcoming pep assembly!

Above: A mother's dream come true is **Rob Doster** as he reviews his notes for another day full of classes.

However, this year, a particular class underwent an enormous change. They developed all the symptoms of the dreaded disease that terrorized parents and sent teachers into hysterical fits and left them trembling in cold sweats. It could be only that psychotic disorder called . . .

Top Right: Cindy Pennington proudly displays our flag at the first pep assembly while Lori McCloud sings the alma mater.

Top Left: Angie Duley and Esther Cope examine various Homecoming banners at close range while Ann Curry, Misty Wessels, Dana Yeager, and Mrs. Belk admire them from afar.

Bottom Left: Wayne Holland, Ronnie Harris and friend horse around between classes.

Below: Eugene Vickers and Erin Embleton show what true dedication is all about as they freeze in the football stands' band bleachers.

...Senioritis!

Senioritis (se-nyer-i-tis), n.—a physical and-or mental state that affects all twelfth grade students and usually occurs between the months of April and June. Symptoms include laziness, forgetfulness, lateness, sleepiness, and happiness.

Top Left: Some of the Homecoming court eagerly await their special moment.

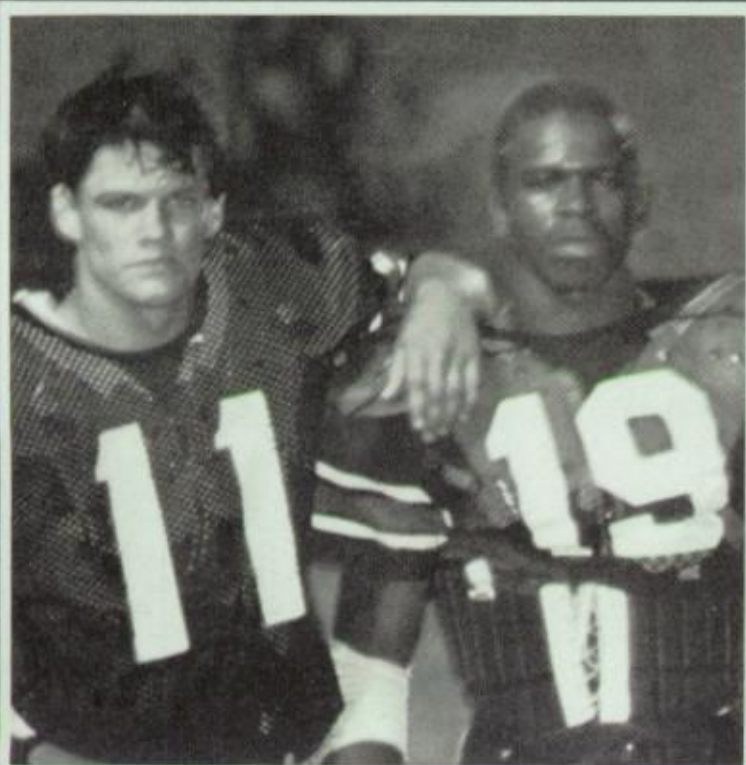

Middle Right: Seniors **Deana Bateman** and **Wade Morrison** look back and recall memories of their first high school performance.

Bottom Left: Gee, don't **David Robinson** and **Mike Shinn** make a cute couple?

Above: **Shawn Penn** (rear) smiles deviously, knowing that the Army will soon reject (l. to r.) **Randy Desoto**, **Steve Shults** and **Ronnie Lawhorn** as volunteers for another tour of high school.

CAMPUS LIFE

EXPRESSIONS

Above: **Rob McWilliams** ponders a question in chemistry.

Right: **Eric Dugan** wonders why he was forced to go to the rodeo parade.

Center: **Toni Coker** catches **Cindy Pennington** off guard.

Above: **Sherri Tomboli** is excited about her Peanut Butter Bar.

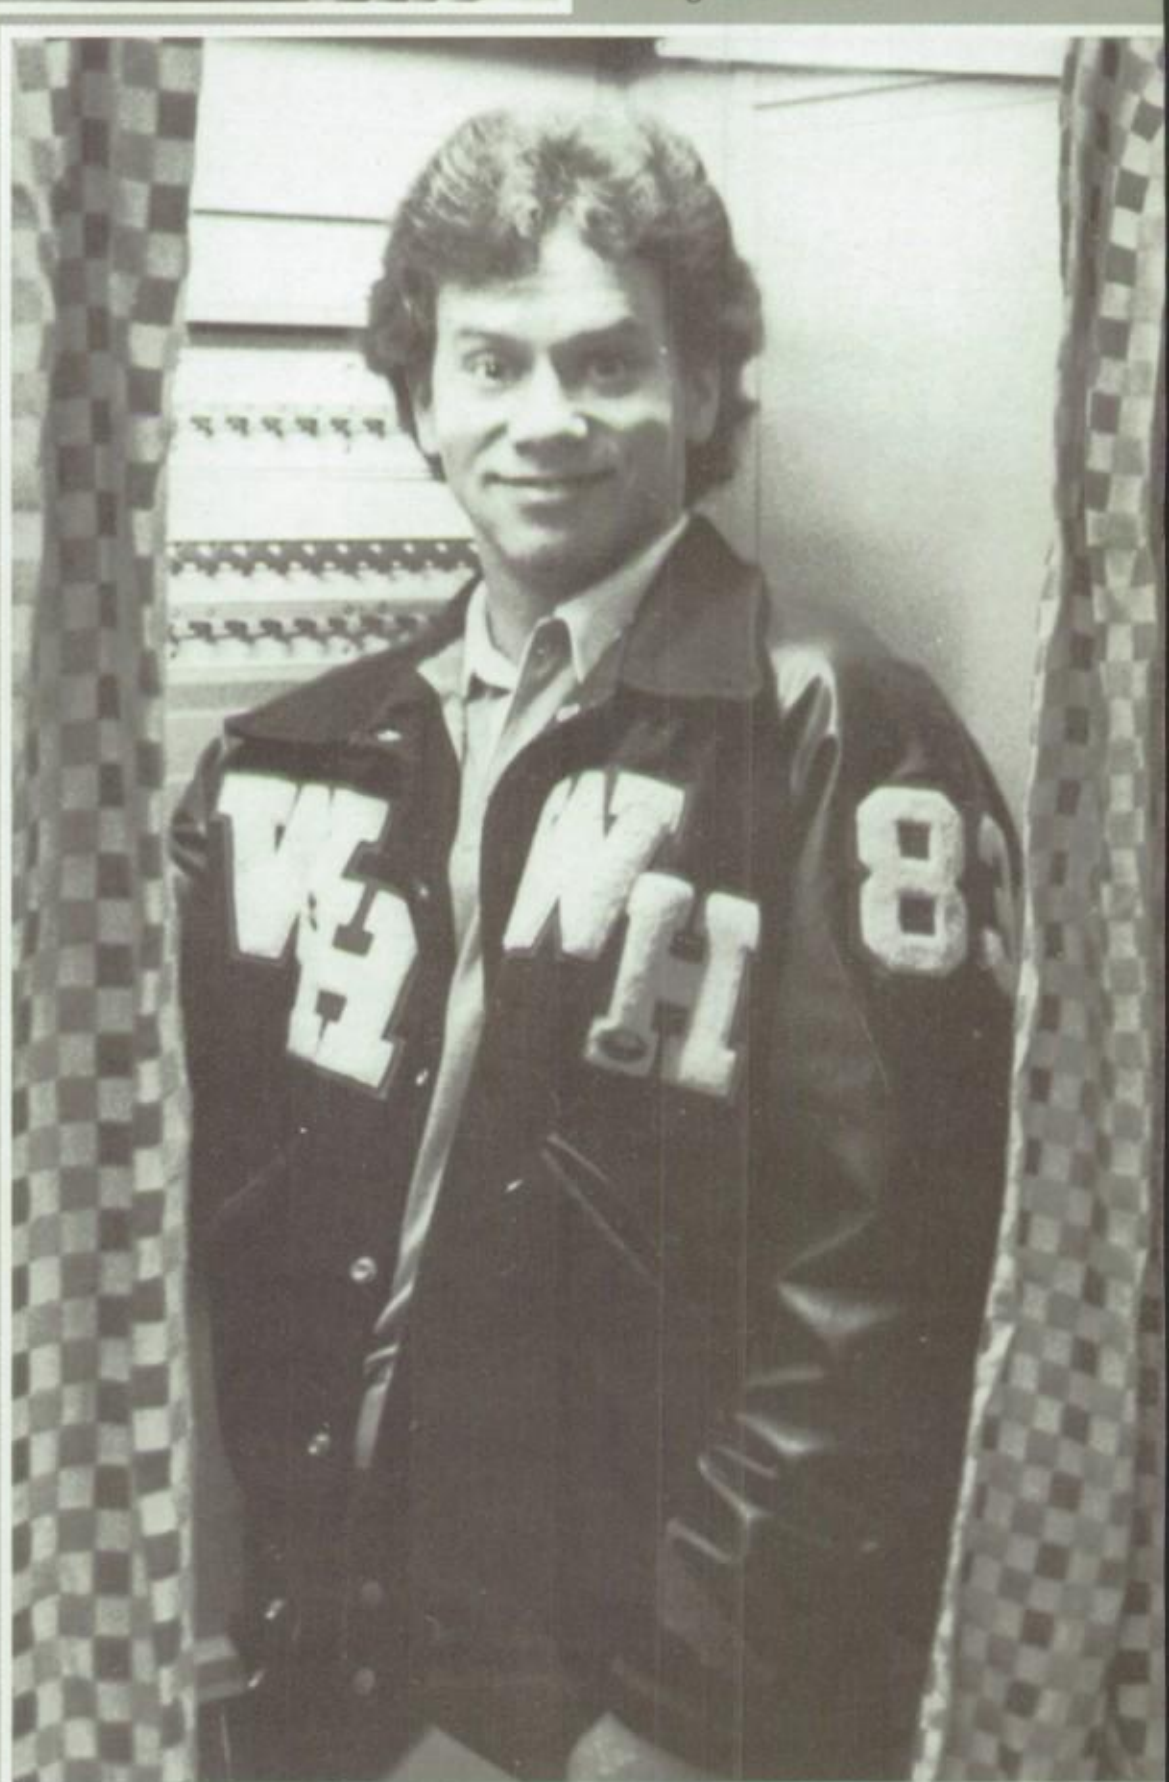

Right: **Joey Thomas** thinks **Michelle Wooten** is Number One while **James Hill** knows he is!

WHHS HAS THEM

*Left: Michelle Hamilton shows us her best Bulldog grin.
Below Left: LaSonya Walls is happy that WHHS has IT!
Below Right: Mike Pennington seems thrilled at the prospect of voting for a winner.*

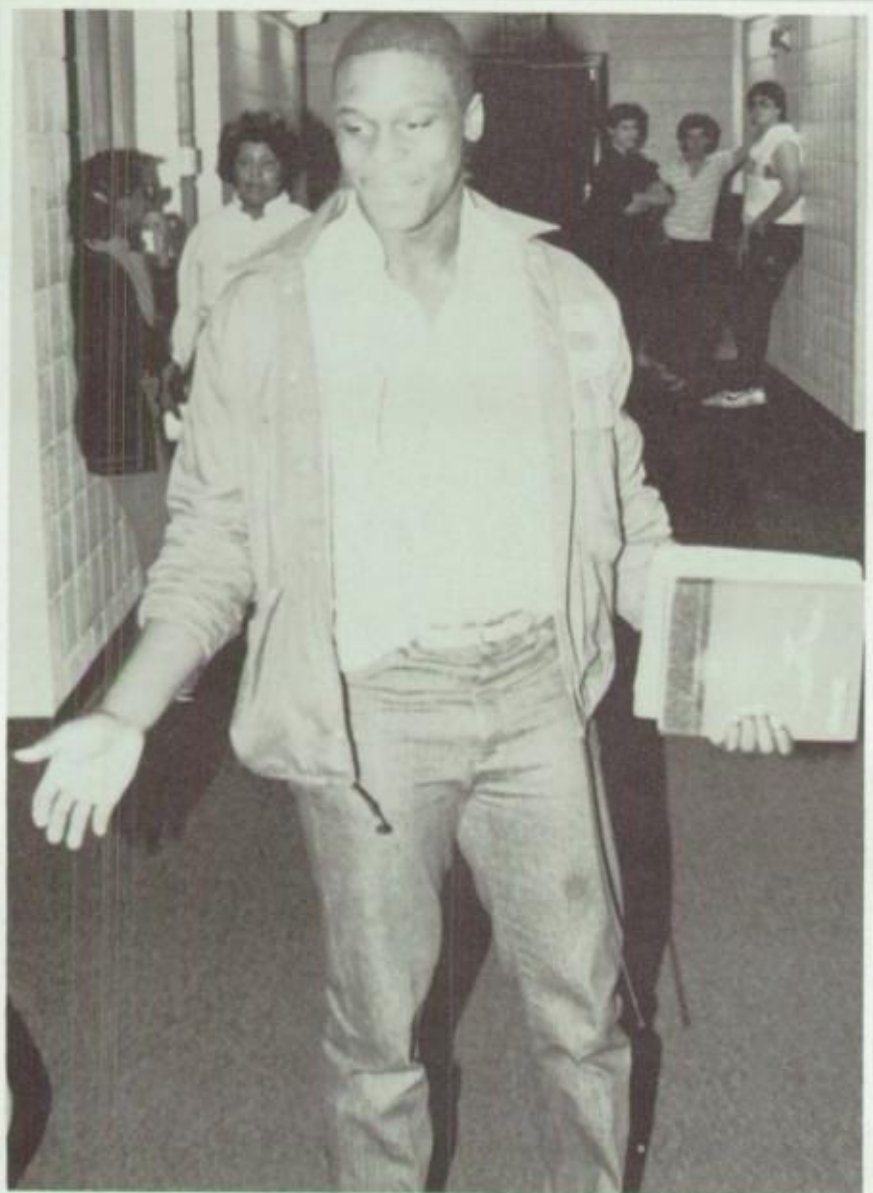

Let's Go Crazy!

Top: "Welcome to my office," says John Dugan to Michelle Hamilton and Deana Bateman.

Above: Angie McGee, Nikki Bauknight, and Stephanie Lewis always go a little crazy on Fridays.

Left: "Give me the answers or else!" says Michelle Moore to Deana Bradshaw.

Whether it's building human pyramids, rolling down the hall, being sentenced to 200 days of detention hall for forgetting to go to school, locking the keys in the car with the motor running, or just falling down the stairs — we may appear crazy *because we are*.

Above Left: **Corey Jones** says, "Friends and fans, keep the cards and letters coming."

Above: **Scott Green** just loves a parade!

Left: **Dwayne Blocker, Robert Brown and Jay Vardaman** know that band members are a tight-knit family.

Lockers at

John Leslie was known for his 1950's locker.

Janet Kinley is a true Duran Duran fan.

Laura Smith's locker really draws a crowd.

Mindy Gammel's locker looks like a scrap book.

Kathleen Kortenber's home-away-from-home is her locker.

The fashion world has always been a major concern at White Hall and many students invested lots of time and money keeping up with what was "in" this year.

Faded blue denim made a big comeback in jeans, jackets, and vests. Most jeans for girls were in stripes or checks, cropped at the ankle, and carried such names as Guess, Calvin Klein, and Lee.

A lot of girls wore "popcorn" sweaters with their jeans and topped off with blue jean jackets or vests.

To complete their outfits, they couldn't forget shoes. The ever-popular penny loafers and top siders were still seen along with pointed jazz shoes.

For the guys, thick argyle sweaters, button-down oxfords, and jeans were still a popular sight. A few even wore parachute pants and jackets.

Whatever the "in" look will be each year, **you can bet** White Hall will have it on.

*Right: Sophomore **Christy Chidester** calls a department store to see if any more Calvin Klein jackets are available like the one she's wearing. Secretly, she hopes not.*

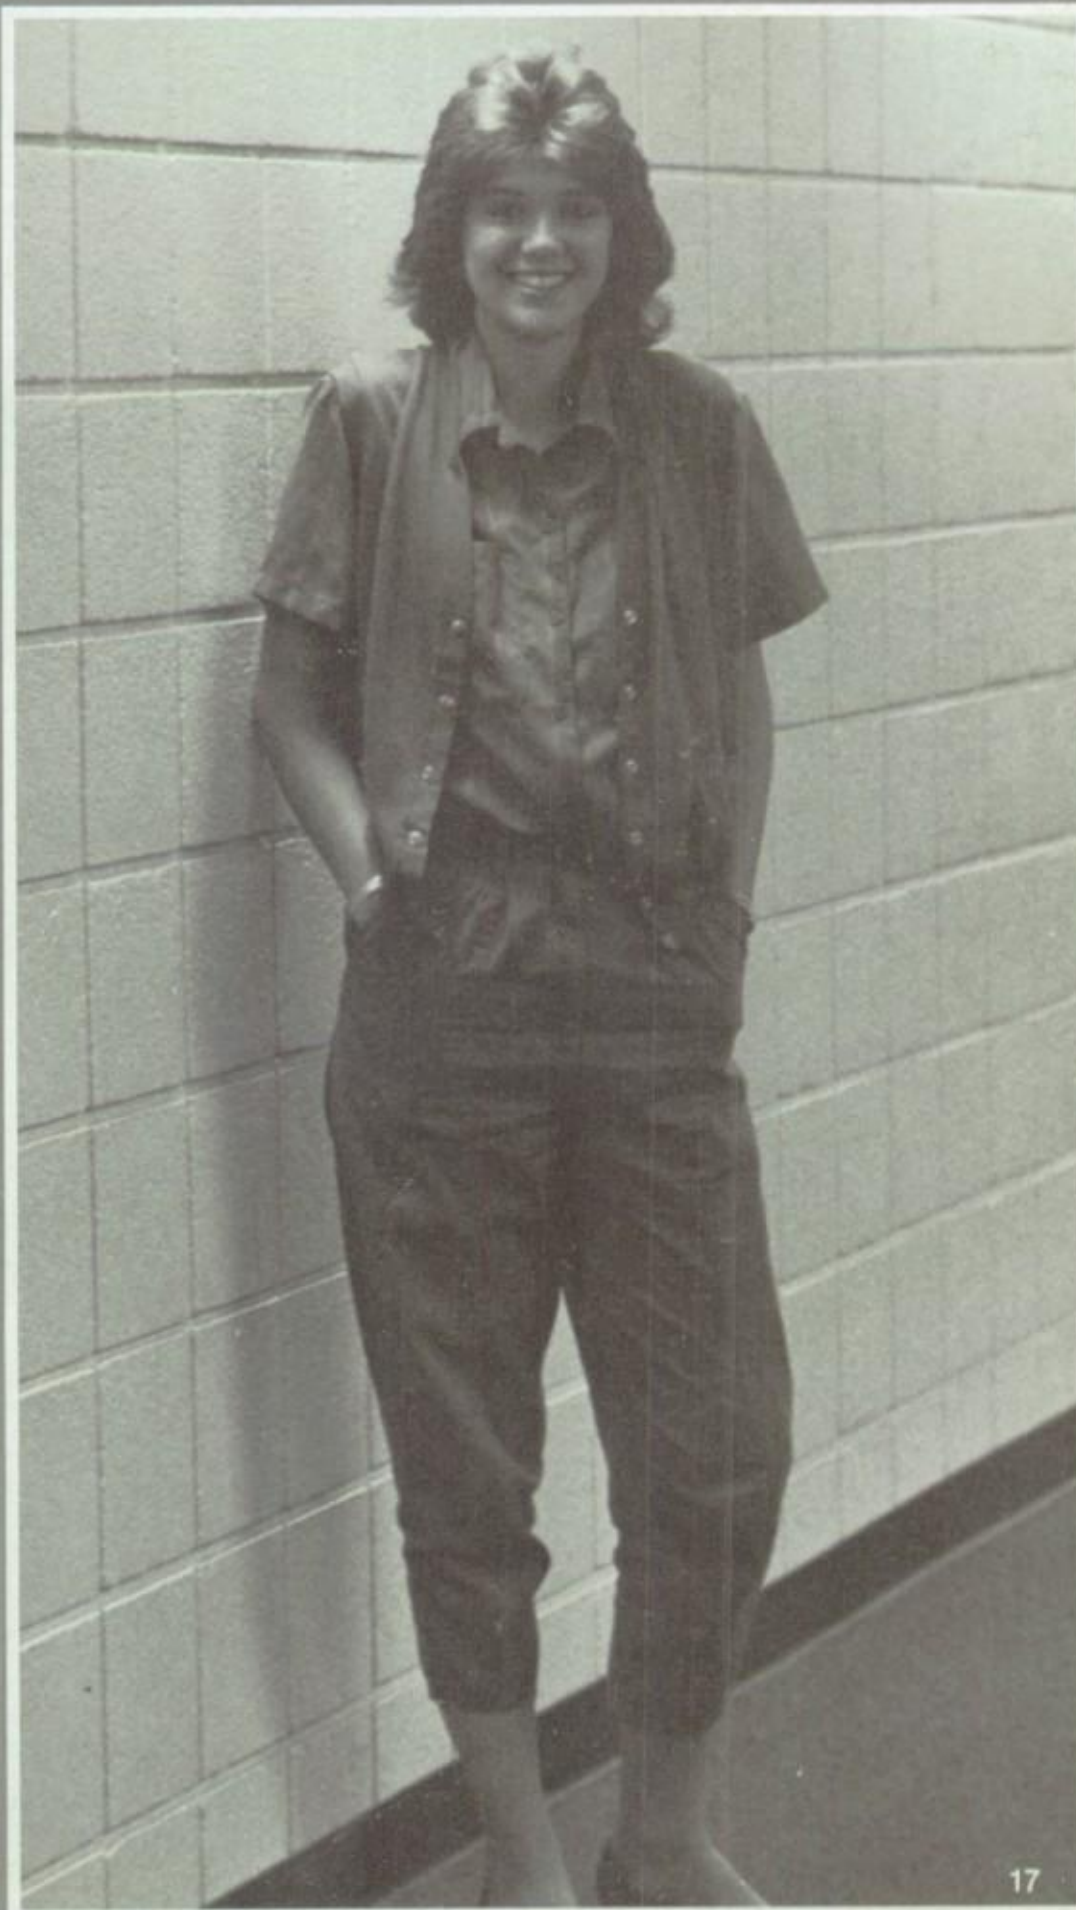

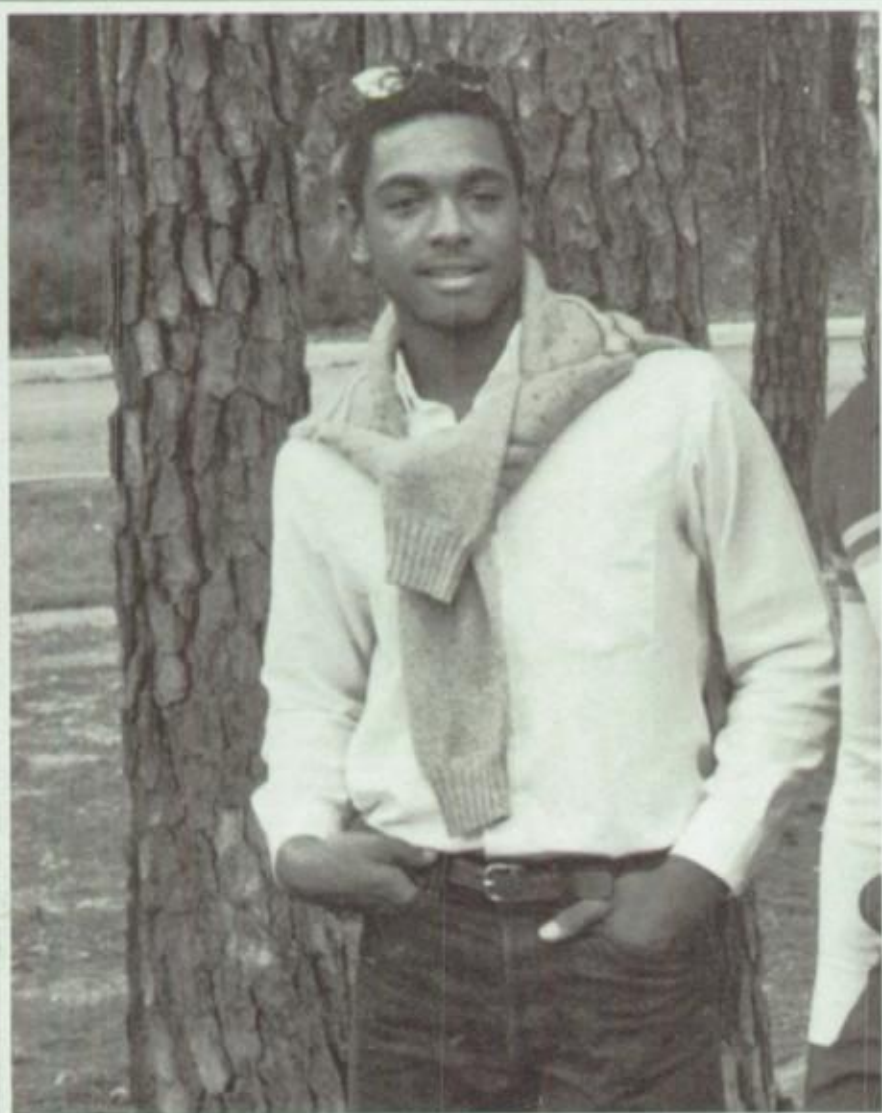

WHHS FASHIONS

Above: **Scott Lockhart** is always in style with his multi-colored sweater and button-down. Right: Junior **Leslie Crowder** decks out in her Guess jeans and matching vest.

Top Left: Senior **Angela Brewer** models the latest in evening gown attire for her junior miss competition in which she was a division winner.

Top Right: Junior **Sherri Tomboli** poses for a pic in her pin-striped vest and matching button-down.

Right: Junior **Christi Gober** displays her cropped pants and vest for all to see.

Eat

The one time in the day where you can catch up on the latest gossip about who's dating and who's going where this weekend is the **LUNCH ROOM!!**

Between the bumping chairs and the clatter of the silverware there is a low roar of conversation. Whether light and sweet or heavy and serious, everyone seems to be most active at lunch. Everyone complains about the food but the lunch room is always **FULL** and lots of us can even be caught going back for *seconds*. This 30 minutes a day sure helps a lot in WHHS students' struggle through the day.

♪ *Happy Birthday . . .* ♪

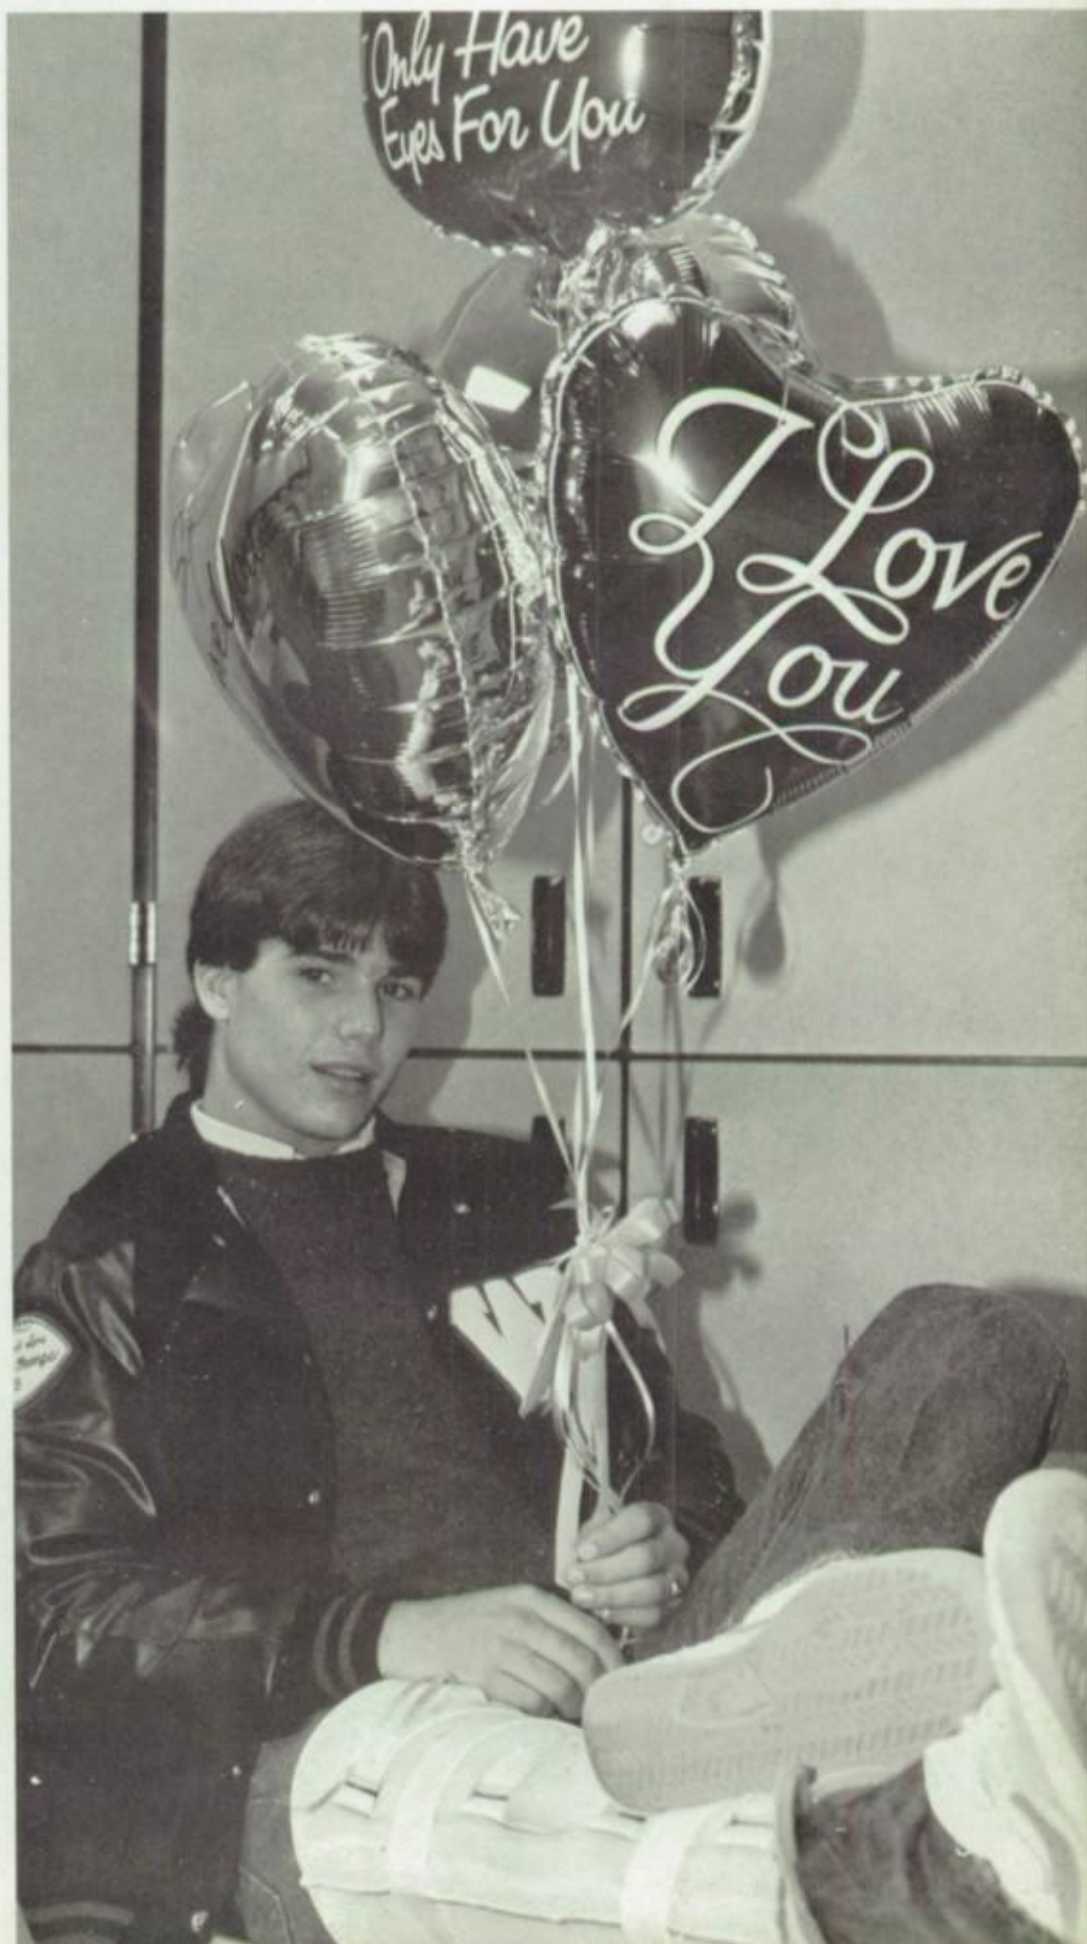

. . . to You!!!

Every year, millions of students eagerly await the most exciting day of the year (next to Christmas, that is!). That very special day — their birthday.

Being a high school student enhances the occasion. Girls often receive flowers, and, over the past few years, we've seen balloons literally rise to the occasion. There is also a wide selection of helium-filled forms ranging from Care Bears, Garfield, and Shirt Tales wishing "Happy Birthday." Balloons have proved to be very versatile at WHHS for communicating those special sentiments.

Top: Sandra Blocker receives a happy Smurfday greeting while (below) Renee Hickerson "bears" with the thought of being another year older. Right: Robbie Castleberry is proof that it pays to get wounded at football.

Congratulations or "Just Because"

Of course, a birthday isn't the only time of year students receive items from a florist. For steady couples, anniversaries are very special occasions which call for flowers or an attached balloon displaying a special message.

Special events also prompt friends and family to send their best wishes and compliments.

But, as anybody will tell you, flowers and balloons mean the most when they are sent . . . *just because!*

SENIORS

The Class of 1985 was filled with excitement on September 4, the first day of school. Their senior year had finally arrived and they were ready to rule the school. They proceeded to do so by tormenting underclassmen, being first in any kind of line, and starting new fads.

The year passed by too quickly, though, and graduation day neared. Some students were excited about choosing a college to attend, while others weren't too anxious to leave the high school scene.

But, whatever the case, we will all remember the class that was *Stayin' Alive* in '85.

Girls' State

Girls' State is a program of education which has been sponsored by the American Legion Auxiliary, since 1942. It is a program planned to provide citizenship training for girls of high school age and to afford them the opportunity to live together in mythical cities and counties as self-governing citizens.

Selected by the American Legion Auxiliary, girls take part in the study of government and are given the opportunity to make personal choices of candidates as well as be a candidate themselves. At Girls' State, students learn the duties, rights, and privileges of a citizen and realize the responsibilities that we must assume when we become adults.

The delegates, elect their own officials, organize their own legislature, and participate in official visits to elected counterparts in the capital.

It is a week full of fun and learning experiences. It's also a week to meet other girls and make friendships that will last lifetime.

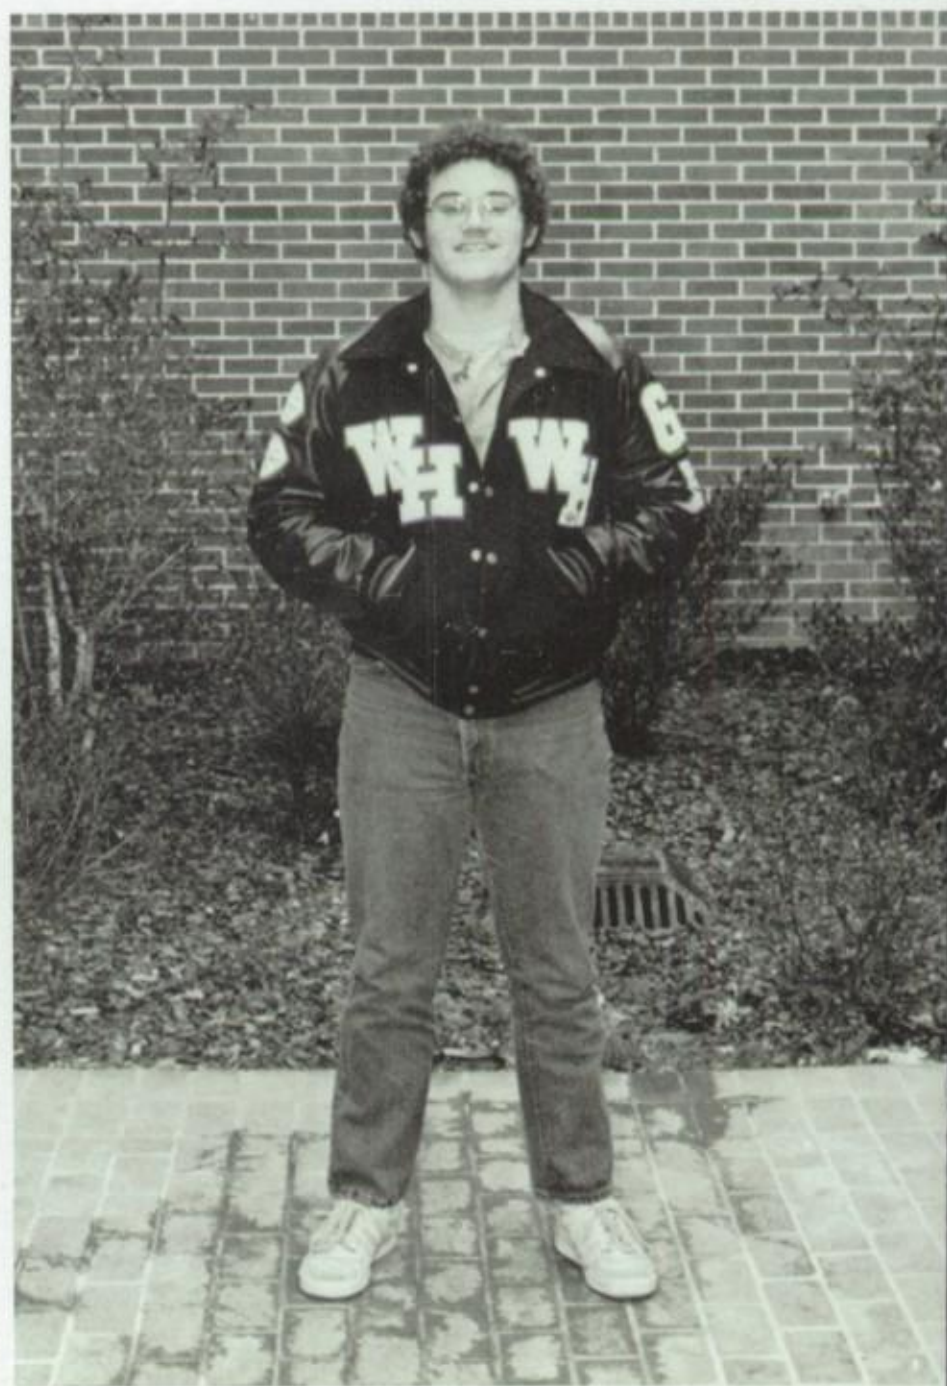

Left: Attending 1984 Girls' State was **Kathleen Kortenber** and **Angela Hayes**.

Boys' State

Boys' State is a program of citizenship training of the American Legion. At Boys' State meetings, boys learn the responsibilities of citizenship by holding elections and carrying on the business of government. The boys who attend become temporary "citizens" of an imaginary 51st state. They are assigned to counties and cities, and are also divided into political parties — the Nationalists and the Federalists. The boys carry on an election campaign, select officers of their state, then study the actual business of government. A boy governor presides over the general assemblies.

The Boys' State meetings also include health recreation, and sports programs.

Right: Attending the 1984 Boy's State was **Michael Musselwhite**. **Patrick Murray** was a participant also but was unavailable for this picture.

Governor's School

The Governor's School of Arkansas is a five-week summer program for gifted and talented students who are upcoming seniors in Arkansas schools.

The non-credit school creates a unique experience for a select group of Arkansas' best students. Both inside and outside the classrooms, the school provides highly motivated, creative students with an intellectual atmosphere difficult to sustain in ordinary academic settings.

Students are led to explore the cutting edge of knowledge acquisition. 20th century world views which integrate newly-acquired facts into novel theories are emphasized.

Students are selected on the basis of special aptitudes for a course in one of eight fields: choral music, drama, English/language arts, instrumental music, mathematics, natural science, social science, and visual arts. All students take classes in General Conceptual Development and in Personal and Social Development.

Superiority Among Scholastics

It was a very proud moment for students and faculty of White Hall High and members of the community as WHHS was recognized by the 1983-84 Secondary School Recognition Program. This national program recognizes outstanding successful schools, whose students, faculty, and community, unite to demonstrate a strong support for educational excellence. WHHS was the **only school in Arkansas** selected for recognition.

White Hall High was presented a specially designed flag to commemorate the school's recognition. Dagoberto Barrera, (above) a representative from the Department of Education, presented a plaque to Principal Danny Young and the WHHS student body, congratulating all involved for consistently maintaining first-rate standards.

SUPERIORITY AMONG SCHOLASTICS — We've had it all along

SPORTS

Football

The 1984 Bulldog season was full of excitement as the season opened with a 21-19 victory over Watson Chapel. The Bulldogs played three tough non-conference games before the conference opener against Malvern which White Hall won 33-26 to raise its record to 4-0.

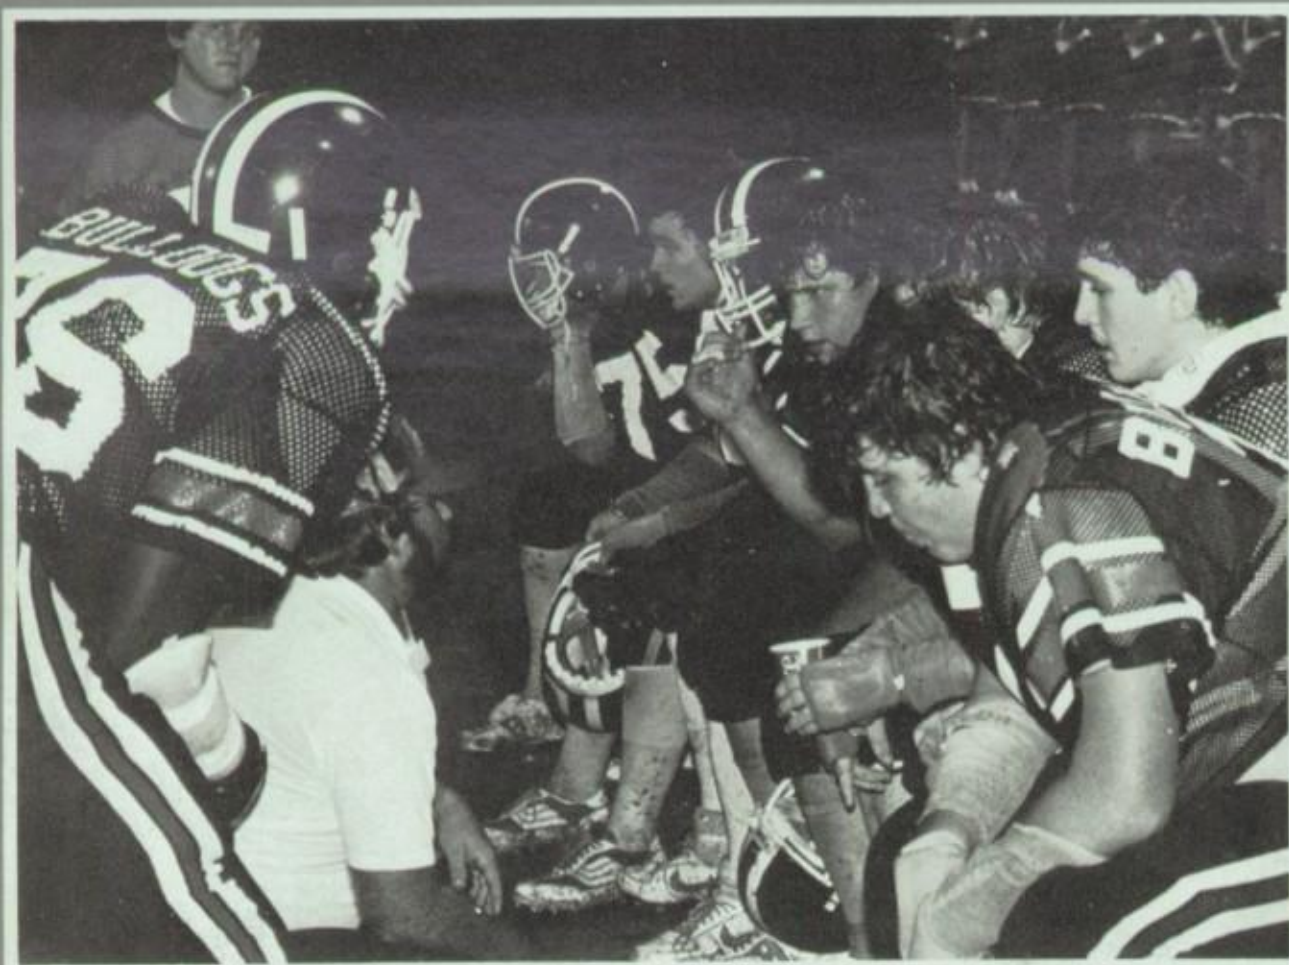

After a victory over Star City, 22-21, the Bulldogs traveled to J.A. Fair to do battle for the conference championship. The Bulldogs lost 21-0 and their hopes for a championship were ended.

White Hall bounced back with back-to-back shutouts of Dollarway 10-0, and Sheridan, 34-0. They beat Lake Hamilton, 31-6, to raise their record to 8-1.

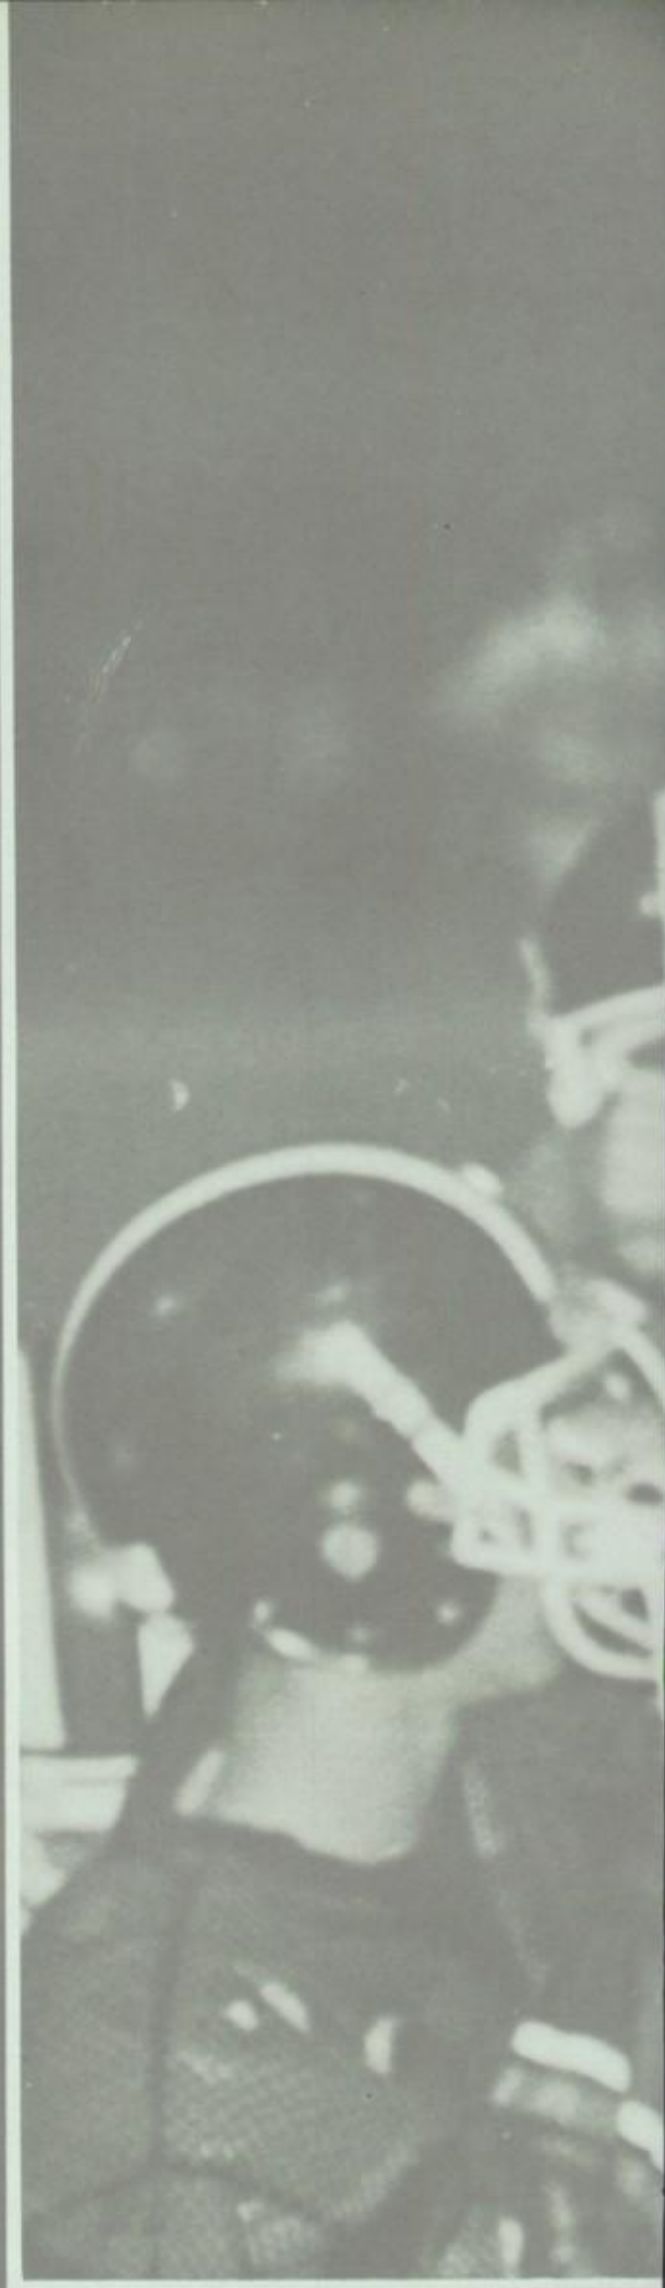

Lakeside was the Bulldogs' Homecoming opponent. The Bulldogs played tough and came away with a 28-14 victory. The Bulldogs ended the regular season 9-1 and made their sixth straight trip to the state play-offs. White Hall was defeated by the Rivercrest Colts, 13-6, in a game played in a driving thunderstorm.

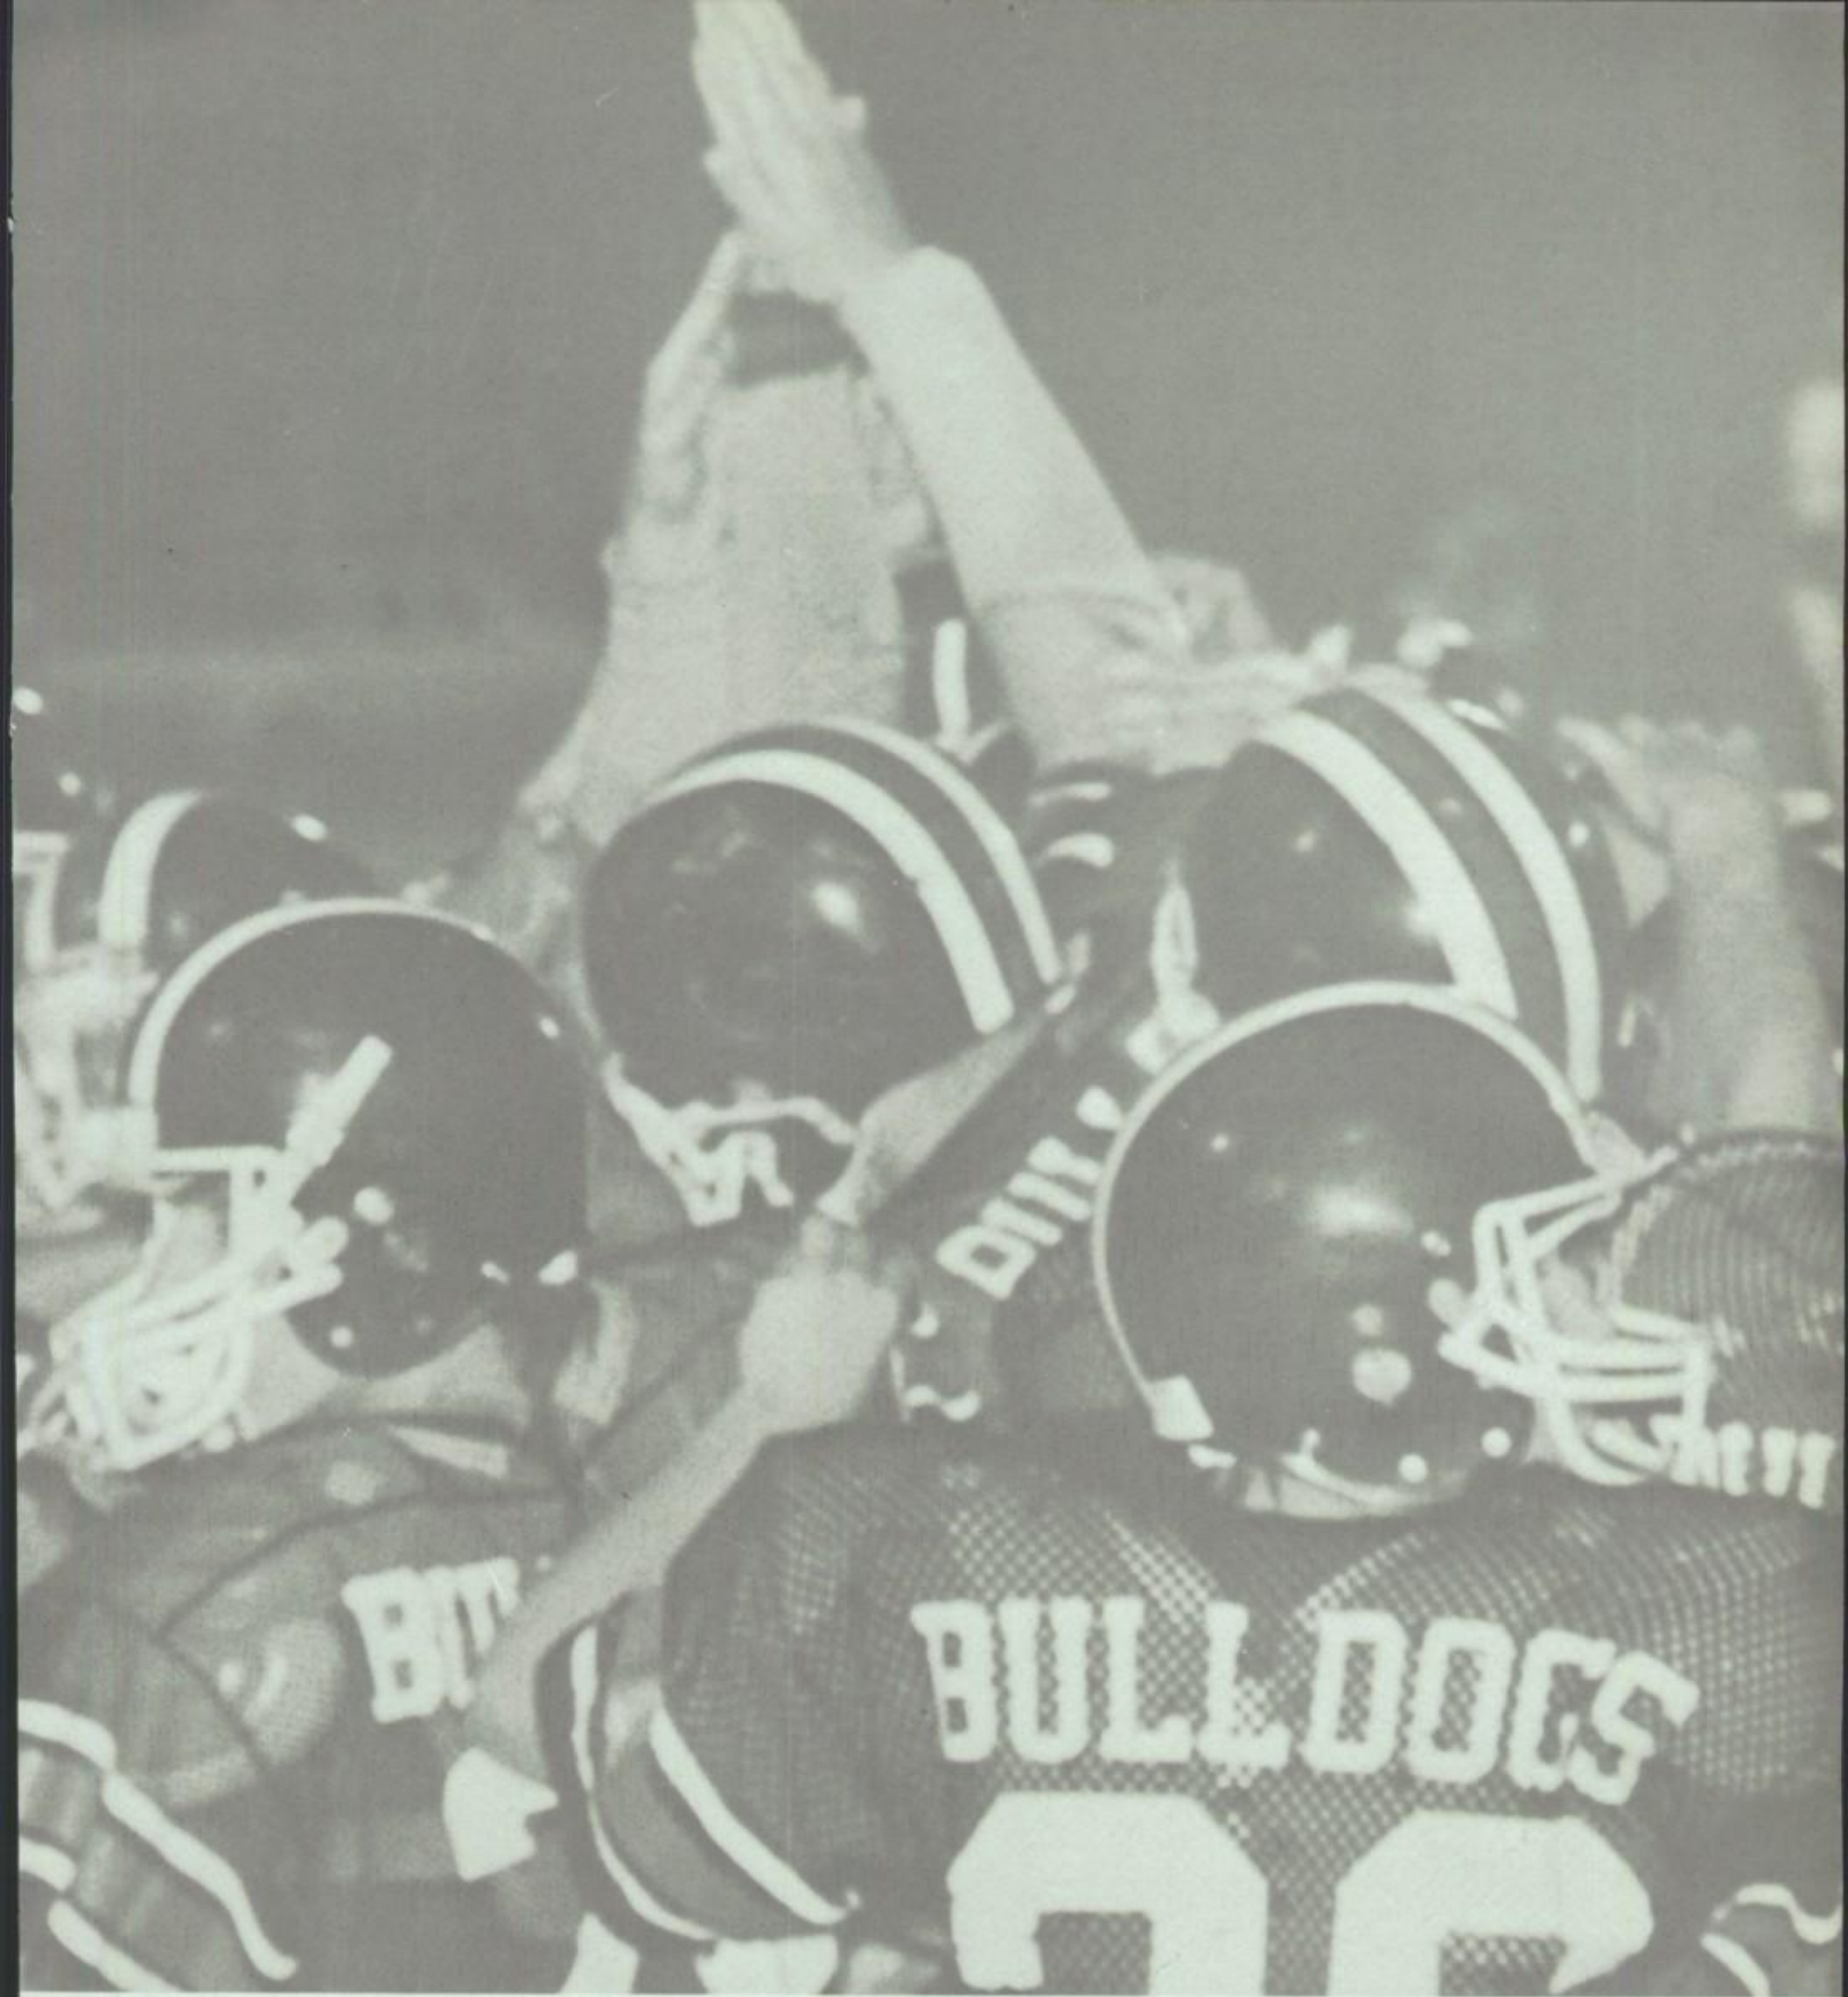

The Bulldogs ended the year 9-2.

 Bottom Right: Senior **Anthony Richardson** knows that the Bulldogs are **Number One**.

Watson Chapel was White Hall's first opponent of the season and Chapel had the home field advantage and revenge for last year's 13-0 Bulldog victory as allies.

The Bulldogs, with only seven returning starters, were a suspect team. They were in a "rebuilding" year. The fans weren't sure that they would be a winner, but the players knew they would.

Watson Chapel took an early 3-0 lead but it was short-lived as White Hall came back to lead at halftime 14-0. White Hall scored once in the third quarter to raise the count to 21-10 and that's the way it ended!

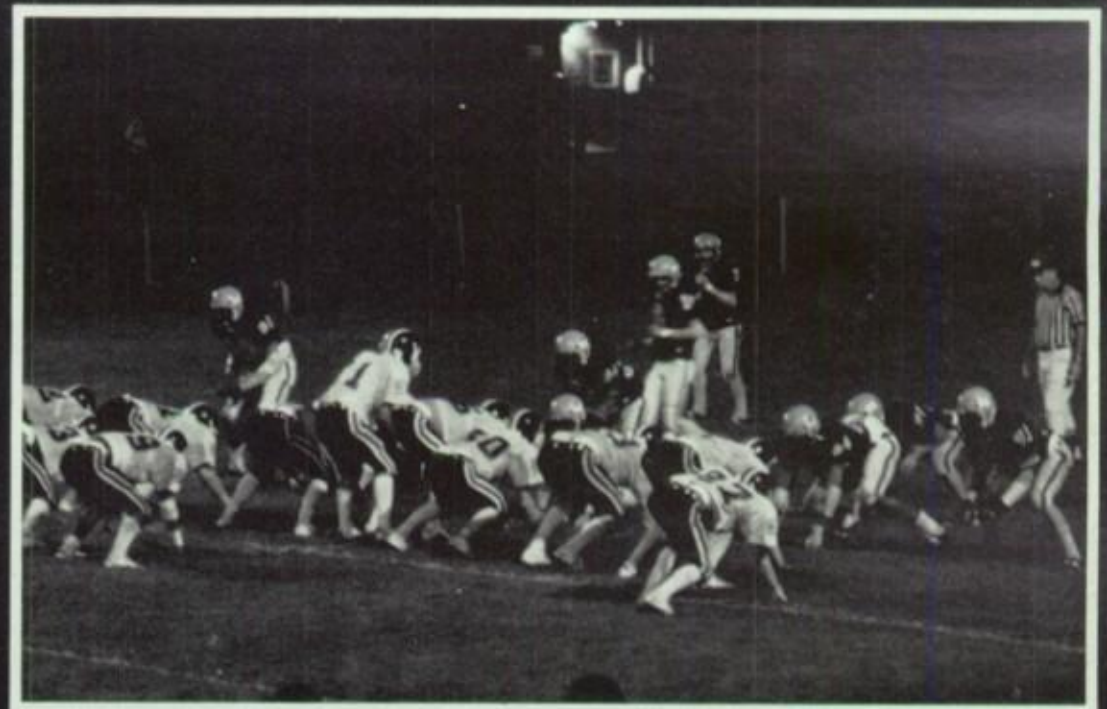

White Hall's biggest game of the season came against the J. A. Fair War Eagles. Both teams were undefeated in conference and the championship was riding on the game. The War Eagles dealt White Hall their only shutout of the 1984 season and took with them the district crown.

The next week White Hall faced the biggest rival, the Dollarway Cardinals. White Hall picked up its first shutout of the season with a 10-0 victory as White Hall's defense finally played as a team. The win put White Hall at 6-1 on the season.

"BUSTIN' 199...SE"

White Hall's 1984 Homecoming opponent was the Lakeside Rams. The game was played in front of one of the largest crowds of the season as the Bulldogs took a 20-7 halftime lead. Lakeside scored once in the third period to make it 20-14. White Hall sealed the victory with a fourth-quarter touchdown that made the score 28-14. White Hall was on its way to the state play-offs.

The Bulldogs game in the play-offs was against the Rivercrest Colts and was played during a tremendous rainstorm.

Rivercrest took a 7-0 halftime lead. The halftime lasted an hour while tornado warnings were engulfing the area. When the second half began, the field was completely under water. The Bulldogs scored on the opening kickoff, but missed the extra point and Rivercrest still led 7-6. Rivercrest scored again to make the score 13-6. Sadly, that's the way it ended.

The 1984-85 school year, has been a prestigious one for athletic achievement at WHHS. **All-tournament, All-Southeast Arkansas** and **All-American** have been some of the titled honors collected by outstanding Bulldogs thus far.

Nikki Bauknight's All-American cheerleader selection and appearance on national television at the Aloha bowl in Hawaii received the most attention. Rhonda Williams was also an All-American Cheerleader nominee.

All-Southeast Arkansas Football team honors went to Kevin Turbeville and Anthony Richardson, while five others were named to the All-County football team. Richardson and Turbeville have also been selected to participate in the Arkansas Activities Association's All-Star game this summer.

White Hall All-Tournament Team honors went to Stacey Qualls, Donna Finton, and Melody Smith. Finton also holds the 5AAA-South and state Class AAA 800-meter title from the '84 track season.

Carla Caughman was a first place trophy winner in drill competitions at the Stepper's camp this last summer.

Congratulations to these Bulldogs who have distinguished themselves and brought honors to their Alma Mater.

The yearbook staff would like to take this opportunity to thank **Scott Preston** for 13 years of dedication to the White Hall sports' program. An inspiration to many young athletes, he continues to lead in the classroom.

Once again, "**Thanks, Coach!**"

A balloon bouquet was presented to **Coach Preston** at this year's first Pep Rally. Matching smiles with him is **Mrs. Camille Pearce**, girls' P.E. and health instructor.

ORGANIZATIONS

Cheerleaders

Practice made perfect as the White Hall cheerleaders know from experience.

While most students were lounging beside the pool last summer, our cheerleaders were perfecting the stunts, cheers, and jumps. This practice paid off at the University Of Tulsa when they were selected top squad of seventy-five squads and received the Award of Excellence and the Spirit Award. And that wasn't honorable enough, Junior Nik

Bauknight was named All-American Cheerleader and Rhonda Williams was an American nominee.

Our cheers to these girls!!

The WHHS Stepper squad is a group of 14 very talented and dedicated girls. Although being a Stepper doesn't seem like it would be hard work, it is. We attended camp this summer at Fayetteville, where we received 38 blue ribbons of 42 possible ribbons. We also received one of ten "Superior Squad" trophies that were awarded.

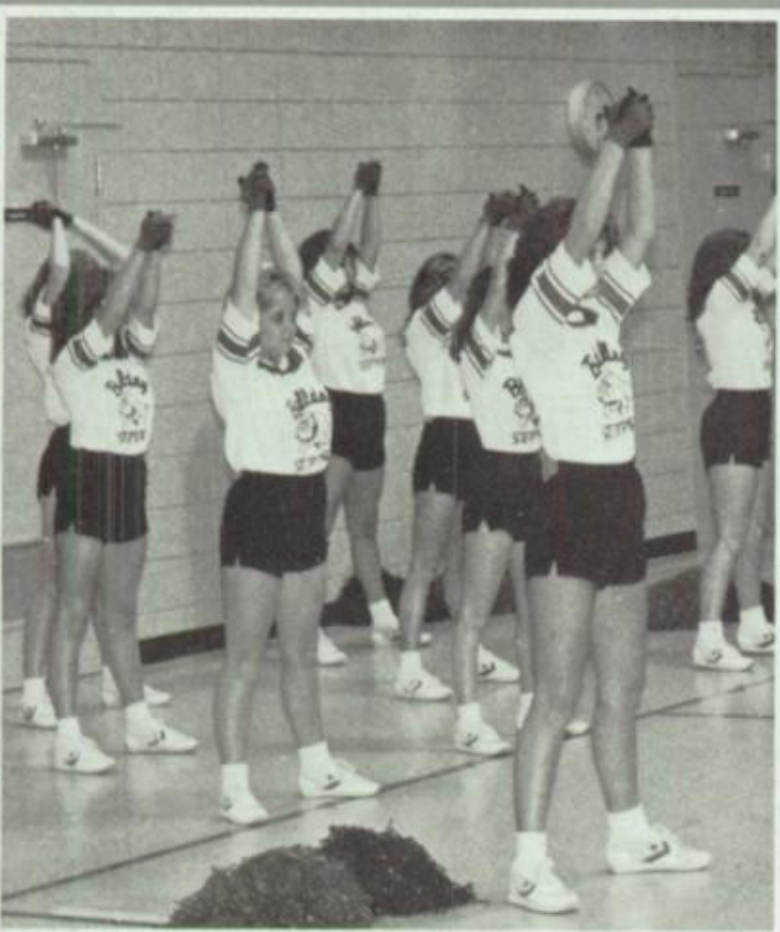

The Steppers gave motivation to spectators, players and fans as they performed at assemblies and football and basketball games and will continue to do so in the years to come.

Band

This year the band performed better than ever before. This was accomplished by the determination of the members, the leadership of the seniors, and the hard work and dedication of *Mr. Childers*. As the first co-drum majors the band has ever had, we would like to thank the band and Mr. Childers for all of their cooperation.

BETA

The White Hall chapter of the National Beta club is an organization dedicated to academic excellence and community service. As president of this club, I am honored to say that the members of this club are the best students White Hall has to offer. The officers and executive council work closely with school faculty and community leaders to provide a helping hand wherever it is needed.

Throughout the school year, the WHHS Beta club sponsors fund-raisers and club projects such as visiting the elderly in the White Hall and Pine Bluff communities at Christmas. Each spring our club selects one of its members to receive a scholarship in the amount of three hundred dollars to the college of his choice. We also take part in College Career Day each year by providing refreshments and assistance for the representatives attending.

We're proud of White Hall.

Business Education

"LOG OFF! LOG OFF NOW!!!"

sound familiar? Well, for many students taking Data Processing, it is a common phrase repeated by Mrs. Sims three minutes before the bell rings.

How about the clacking and ringing of thirty typewriters going at the same time during a timed writing? These are a couple of the common sounds heard in White Hall High School business classes. This department offers a wide range of courses to prepare the business-minded student for the world of commerce and industry or for those who just think that taking a typing course may help in getting a term paper together faster. Whatever the reason, many students think that the Business Department is **where it's at!!**

Driver's Education

Rick McLaughlin

For most students at White Hall High School, owning a car is simply **the most important thing in life**. (Except for going to school, right!) But of course, knowing how to **DRIVE** the car is a necessity, and since no parent wants to put his life in a teenager's hands, many students sign up for Drivers Education.

The course begins in the classroom. Students then move to the simulator and finally to the car itself. After a semester of instruction, each student benefits from low insurance rates and an increased knowledge of automobiles. Meanwhile, Coach Mac prepares for another 18 weeks of taming Mario Andrettis into safe drivers.

English

The one word that makes many students shake and tremble with fear. It almost guarantees writing term papers, reading Shakespeare, and thinking of sentences to fit some endless sentence pattern.

However, at WHHS, English teachers strive to make all these yukky sounding things fun and exciting through the use of video tapes and records.

This year the English Department has expanded its curriculum to include a new course, **Survey of Fine Arts**, which includes the style of philosophy, art, music, and literature from classical Greece to now. Next time you hear the word English, remember there's no need for fear.

Fine Arts

For many years the Fine arts have been an important part of White Hall High. The choral department has successfully competed in regional and state competition and provides many performances through the year.

The White Hall High School Marching Band has always provided spirit to football and basketball games while competing in area contests.

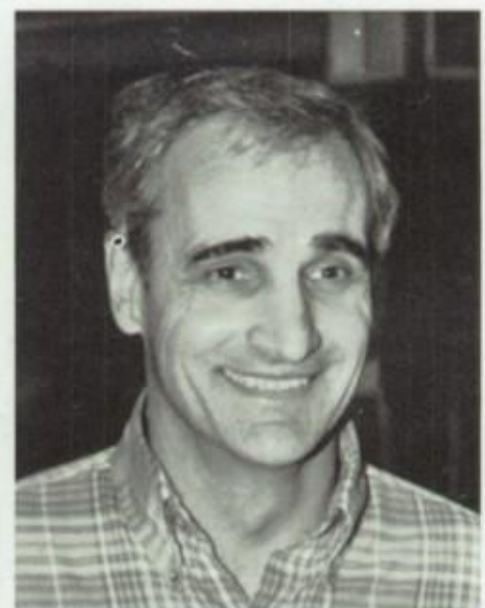

Creative arts have grown over recent years and is now a favorite class for many White Hall students.

HOME ECONOMICS

Many students can hardly wait to get out on their own — to have their own apartment and their own way of life. But sometimes they don't think about the little things — like cooking and sewing and cleaning! But anticipating many needs, the Home Economics department at White Hall High School offers many classes to help prepare students with responsibilities of adulthood.

Our courses offer a wide range of activities from understanding children and preparation for parenthood to meal planning and food preparation, family relations, home furnishing and single living.

These courses not only help students prepare for adult living, but also provide a lot of fun in the process.

Industrial Arts

Many "constructive" students, seeking to expand on a favorite hobby or to gain experience for the future, sign up for one of several Industrial Arts classes. Courses range from Mechanical Drawing to Woodworking, and this year a class called Building Trades studied the fine points of construction.

JROTC

The Junior Reserve Officers Training Corps program was first offered at WHHS in 1980 and since then has become one of the most noted of curriculum areas.

Introduction to ROTC and the Army includes the customs and traditions of the service, military organization and rank structure.

JROTC II reinforces the same basic subjects as JROTC I while emphasis is placed on students assuming responsibility of junior leadership positions in units and extra-curricular activities such as assisting in the instruction of drill and military ceremonies.

In the third year program, instruction is centered on advanced leadership methods.

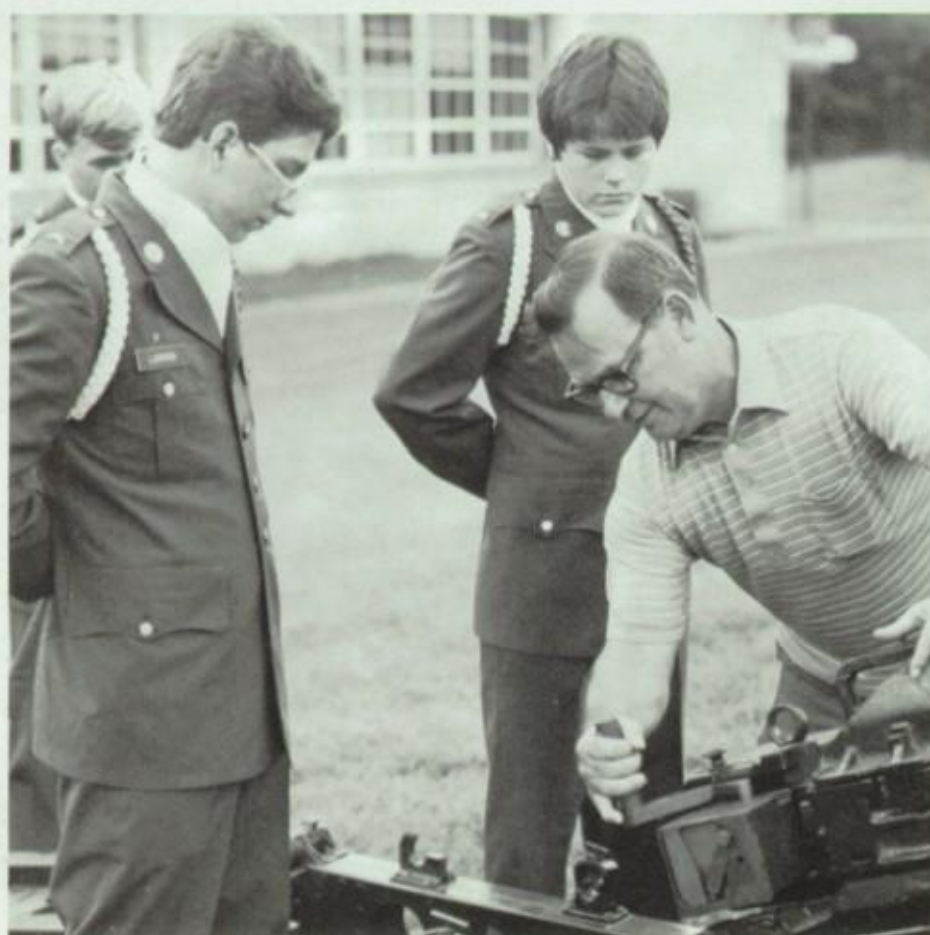

The JROTC IV course concentrates on applied leadership.

Physical Education

Does the smell of stinky socks and shoes make you gag? Of course! If it didn't, it wouldn't be P.E. Of course, the locker room stench isn't the only outstanding element of the traditional gym class. At White Hall High, there is a wide variety of activities ranging from basketball, baseball, and badminton to lifting weights, playing tennis and bouncing on the trampoline.

Not only does physical education involve P.E. classes, it also includes the cheerleading, football, basketball, track and golf programs. Such a wide range of activities is what makes the Physical Education program outstanding at White Hall High!

Social Studies

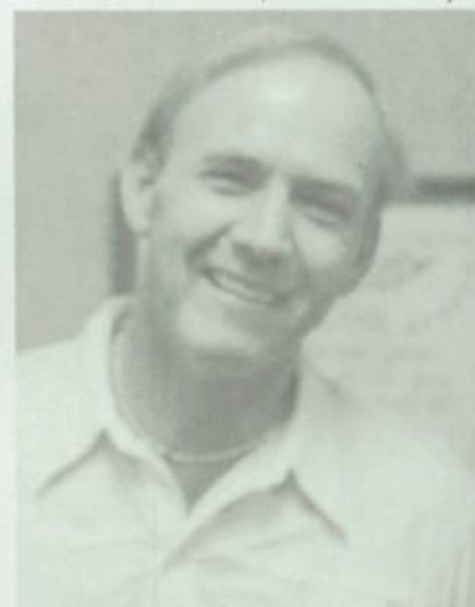

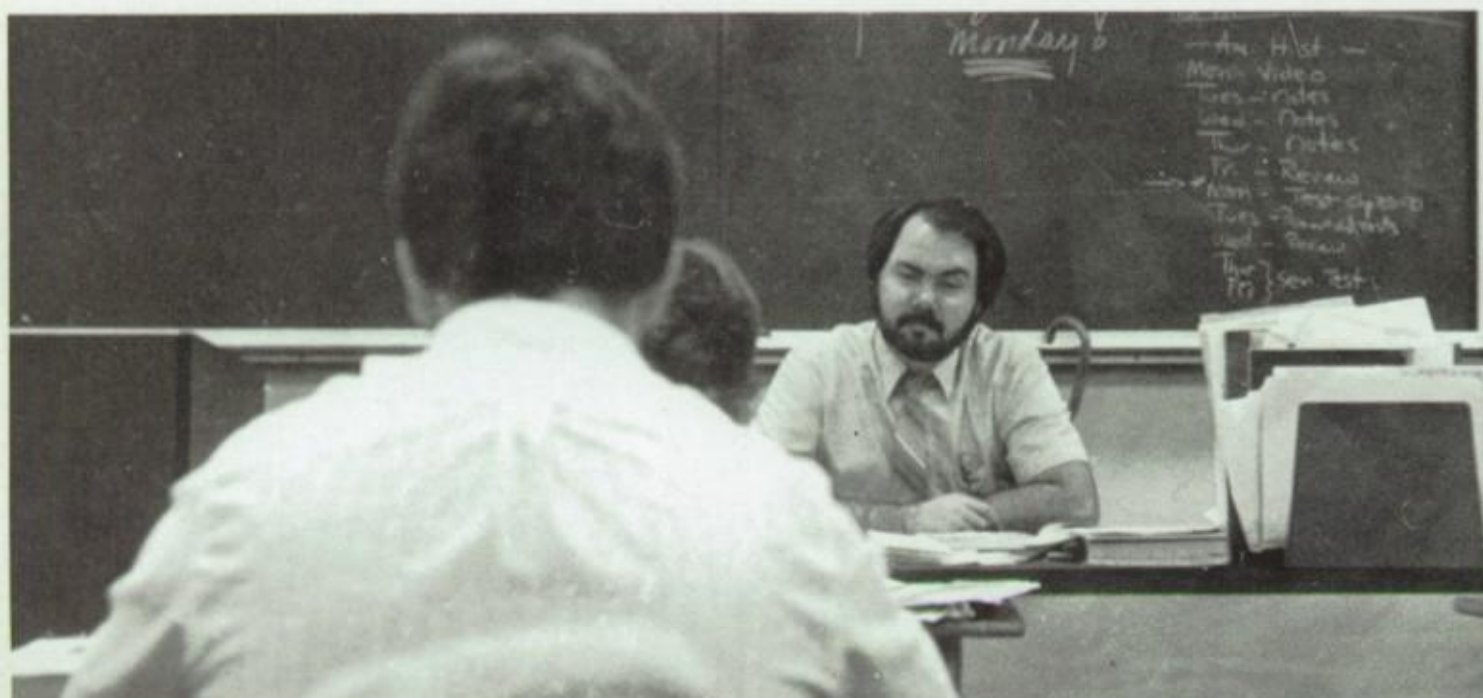

"All things must have a beginning and so it was with the earth and the people who have lived on it for countless generations." Sound familiar? Yes, it is the beginning of a history class.

Social Studies teachers at White Hall do their best to make classes as interesting as possible through the use of video tapes, films, and class projects.

District Administration

The White Hall School District has emerged as one of the foremost districts in the state under the leadership of Superintendent Julius Brown.

The school district's facilities are the finest in our area and this year White Hall High School was selected by the U.S. Department of Education as an example of excellence in the Secondary School Recognition Program.

Above: **Superintendent Julius Brown** is presented a plaque by Governor Bill Clinton in recognition of White Hall High School's selection by the U.S. Department of Education as an academically excellent school.

Top Left: Assistant Superintendent **Jerry Lybrand**.

Middle Left: **Fred Harper**, Director of Maintenance and Transportation.

Bottom Left: **Mrs. Charlotte Garrett**, district bookkeeper and administrative secretary.

Left: Snow covers the district's administration building during a siege that closed schools for five and one-half days this year. Of keen interest at our deadline was how we would make up our missed days.

"Heading the news tonight:

- India's Prime Minister Indira Gandhi, 66, was assassinated in New Delhi by two Sikh members of her security team. Her son, Rajiv, a former airline pilot, was named her successor.
- Secretary of State George Shultz and Soviet Foreign Minister Andrei Gromyko held two rounds of talks today on resuming arms control negotiations, with a secrecy that may hint at progress.
- Millions of Ethiopian refugees began pouring into fugitive camps to receive food from the U.S. and Europe. Famine has swept the country after a decade of drought and civil war.
- Baby Fae, the child born with a fatal cardiac defect, who became the first infant to receive an animal heart, died from kidney failure. The child lived twenty days with the implanted organ.
- Geraldine Ferraro, 49, made American political history as the first woman on the national ticket of a major party. Although a historical campaign, the Mondale-Ferraro ticket failed as Ronald Reagan was reelected to a second term.
- In San Ysidro, California, 21 people, ages ranging from eight months to 74 years, were shot and killed in a one-man massacre at a McDonald's restaurant.
- Princess Diana, wife of Prince Charles, who is heir to the British throne, gave birth to her second son, Prince Henry Charles Albert David — also known as Harry.
- Vanessa Williams, the first black Miss America, pressured by the pageant committee, resigned her crown when sexually explicit photos of her were published in **Penthouse** magazine.

Although the famine in Ethiopia was major news around the world, at our school the topic was one one that overly concerned us or that we enjoyed hearing about. The news we liked to hear was about things we participated in.

We were ecstatic about our victory over Lakeside at Homecoming and upset and frustrated over our loss

special report.

What Will You Be Doing in 10 Years?

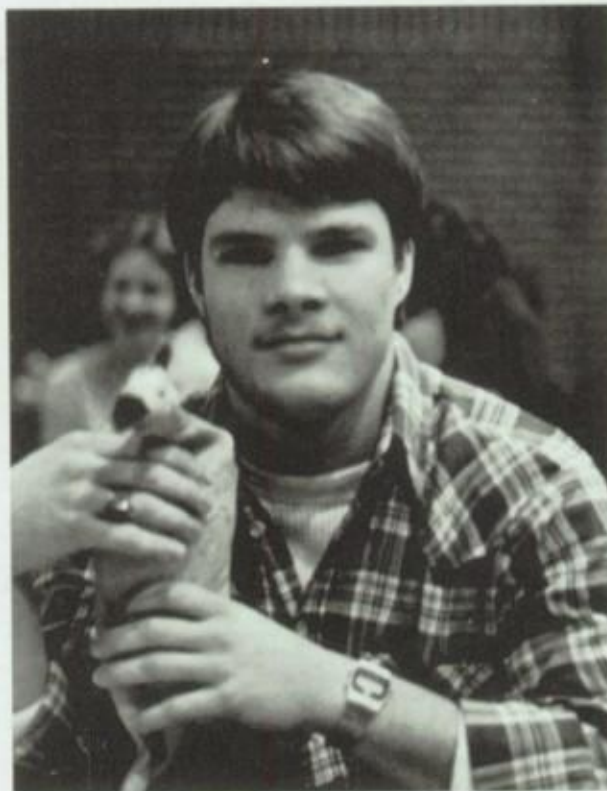

Steve Townsdin
Class President

"If I am still alive, I will be planning the ten-year reunion for the White Hall class of 1985. I hope to be working at a major radio station after college, and, if so, I will be working towards a career in radio or television management, possibly even owning my own radio station someday. I'm also planning to be happily married and I will be looking forward to the year 2000!"

Carol Thompson
Homecoming Queen

"I hope to be doing fine and on my own. I plan to have graduated from a four-year college and have a steady job that I enjoy, earning a decent salary for myself. As of now, my college plans are in something business or computer oriented."

John Leslie
Beta Club President

"What shall I be doing in 10 years? The same thing that I'm doing now, only louder and more often. Seriously, though, I really couldn't guess, but I'm sure it'll be vastly strange and border-line legal. Someday I hope to get a book published — maybe two."

Cindy Pennington
Student Council President

"In ten years, I plan to be married and have two children. I plan to be a graduate from UALR. I hope to be a math teacher in either a junior or senior high school."

Angela Brewer
Cheerleading Captain

"I plan to be a college graduate with a degree in business. The reason I chose business is because I want to become a Certified Public Accountant. I predict that I will be married and have children by this time, also."

Carmen Edwards
Drum Major

"I plan to have a college degree in fashion merchandising and design. I hope to be working in a major department store buying and designing their clothes. I also plan to be married and to have two children."

Misty Wessels
Honor Student

"I plan to be a graduate of Louisiana Tech University with a major in chemical or biochemical engineering. I hope to get a good job in my chosen field. I plan to be married and build my own house. I hope to have a child by this time and maybe have another one on the way."

Maenola Hardin
DAR Good Citizen Recipient

"In ten years, I plan to be a doctor of veterinary medicine. I hope to have a practice of my own. I might be married. If I am, I hope to have a child before I begin my career as a doctor."

Kevin Turbeville
All SEARK Football Team

"In ten years, I see myself as, hopefully, a successful college graduate. I am not sure of the field that I will enter. I would like to live in Arkansas after college graduation."

Mike Musselwhite
Boy's State Delegate

"I plan to be a college graduate and hopefully have my own business. I'd like my business to have something to do with computers. I could be married, but you never know. As another career, I wouldn't mind being a football player's agent."

Michelle Hamilton
Yearbook and Newspaper Photographer

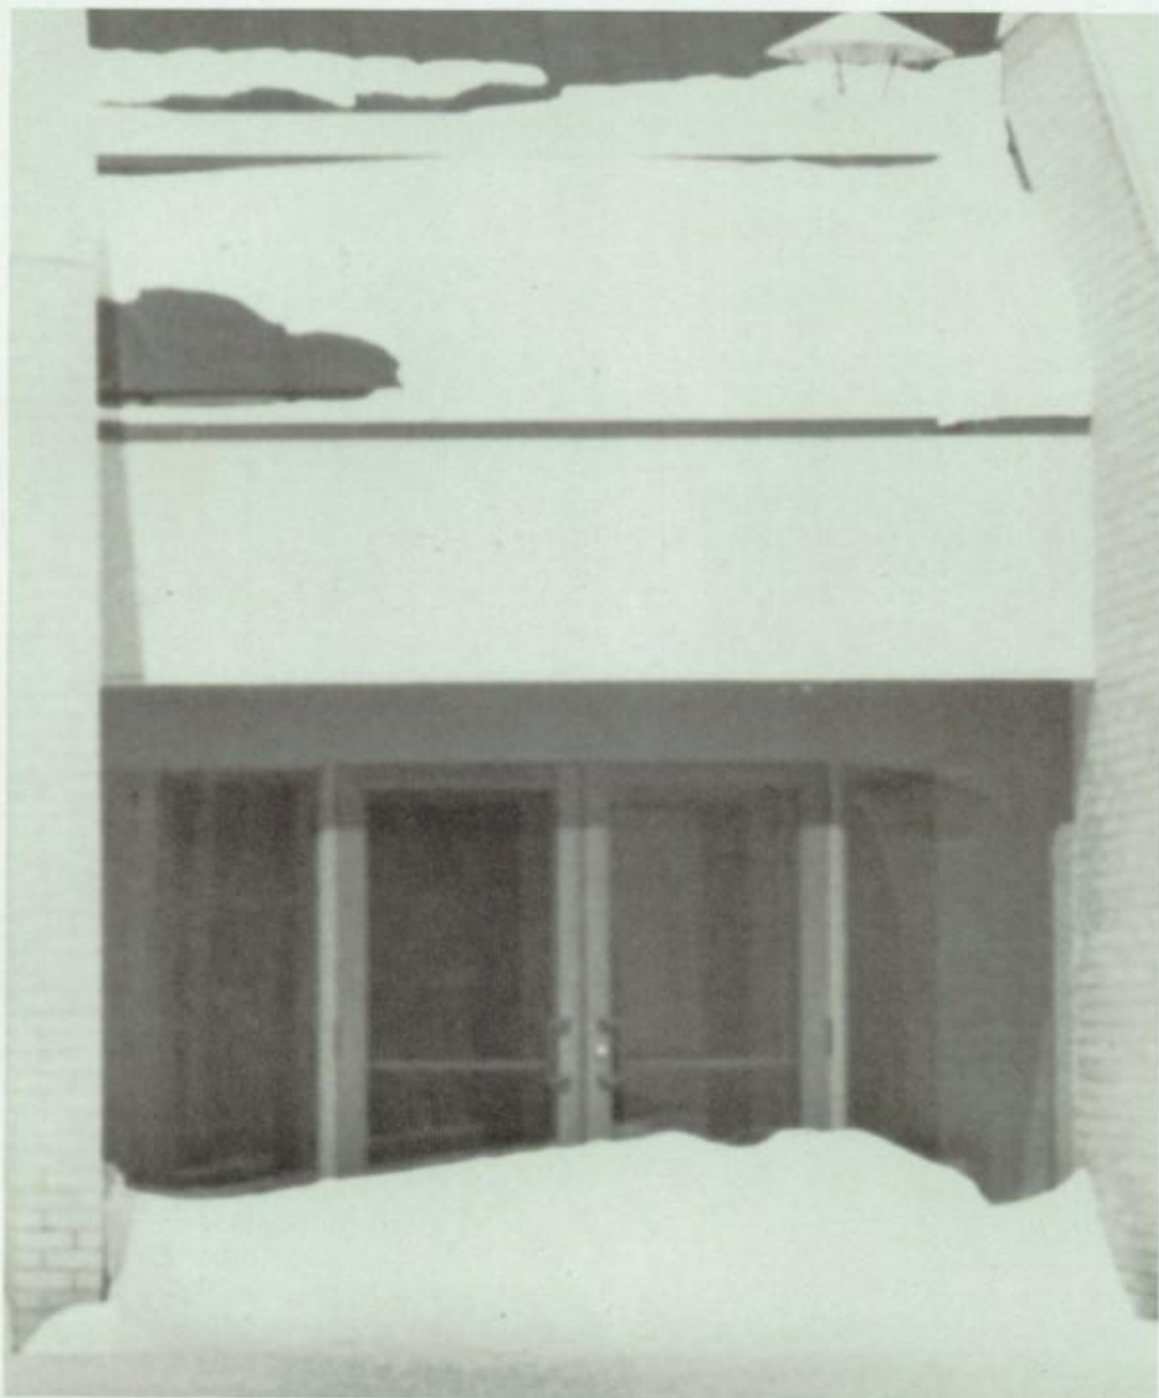

"I plan to be married and maybe have one child. I also plan to have graduated from college and begun my career as a surgical nurse."

?

What will you be
doing in ten years?

3,650 days
87,600 hours
5,256,000 minutes

Gone,
dreams of the past,
gone with a love that moved too fast.
Gone,
bright shiny days,
gone in a young and restless haze.
Why did we love, then run away?
So little time, so much left to say,
*and now it's **gone**.*

Young and restless friend,
You'll never pass this way again.
So drink the summer wine,
reach for the stars while you have time.
Your restless dreams will lead the way.
So dream your dreams and live for each
day
while you are young.

— DeVorzon and Botkin

Why God Made Little Girls

God made the world with its towering
trees,
Majestic mountains and restless
seas,
Then paused and said, "It needs one
more thing
Someone to laugh and dance and
sing
To walk in the woods and gather
flowers,
To commune with nature in quiet
hours."
So God created little girls
With laughing eyes and bouncing
curls,
With joyful hearts and infectious
smiles,
Enchanting ways and feminine wiles,
And when He'd completed the task
He'd begun
He was pleased and proud of the job
He'd done,
For the world, When seen through a
little girl's eyes,
Greatly resembles Paradise.

To publish a yearbook that a school can be proud of takes many hours for there are so many little things that have to be done. How long it takes to do it, and then how much longer it takes *to do it right*, can be a crushing burden to just a handful of students.

Luckily for this year's staff, there were many students who were willing to take time out from their busy schedules to help with a lot of the filing, typing, sorting pictures, helping in the darkroom, reading and writing copy, running errands and countless other things.

To those students who helped us, **we thank you.**

And to the faculty and staff our special thanks go to:

— **Dianne Nichols** for checking spellings, counting money, identifying students, typing letters, counting money, and more.

— **Carolyn Lewis** for looking up countless schedules, keeping our announcements in order, and a thousand other things.

— **Danny Young** and **Glenda Lybrand** for answering our endless questions, and, without knowing it, helping me through many rough times with good advice.

— And to **Dale Wyatt**, our advisor, for listening to all my gripes and complaints, offering sensible suggestions, and always encouraging me to do my best.

'85 Editor

Editor's Note

When I was asked to edit the yearbook I was both flattered to be asked and frightened that I might not be able to do the job. But I threw caution into the wind (along with my grades), gathered together a staff, looked up the number of *Dial a Prayer*, and settled down in a back-row desk for a long year's work on the '85 *Bulldog*.

"No one promised me a rose garden," but I never expected such a briar patch! The everyday obstacles I found The *Bulldog* faced with are unbelievable to anyone who has never worked on an annual. Everything seemed to take a back-seat to the yearbook. I've spent days helping other staff members with their many problems and questions, weekends drawing up layouts and cropping pictures mornings before school while badgering darkroom workers, nights, until three in the morning, trying to write wonderfully exciting and creative copy while worrying about an upcoming deadline.

Being Editor not only means having your own problems but also having the problems and

responsibilities of the entire yearbook staff.

But **someone** had to do it! And I couldn't have without the help and cooperation of many people.

Although we are blessed with our own darkroom facilities, it is by no means comparable to Fox Photo. It is a long and tedious job. Alan Carrington, Rob Doster, Michelle Hamilton, John Leslie, Michael Lunsford and Dale Powell somehow managed to keep us supplied with pictures.

No publication can exist without funds. Ad managers Carmen Edwards and Sherri Tomboli have literally worn out the phone soliciting advertisers and patrons to promote their messages to the students. Along with their hard work in the advertising department, they also found time to assist in layouts.

This year, the *Bulldog* has undergone many changes in format. Angela McGregor, Francis Maxey, and Angela Brewer got together at the beginning of the year and came up with original class layouts that feature many more pictures than years past.

Jodie Maxey created a super organizations layout and Jamie Lawrence has shown a professional flair on the sports pages.

And what about the pages in-between? They were well taken care of by Tina Berryhill, Barbie Byrne, Michelle Lepoard and Wendy McGlothlin.

One student who deserves special notice is Leslie Crowder. Leslie had the responsibility of putting together three elementary schools' annual this year. Along with the schools' publication, she also found time to assist in layouts and ad sales.

My thanks to the entire '85 *Bulldog* staff for a wonderful job and an exciting year.

And, finally, I'd like to thank my very closest friends and my family for understanding and helping me through these times that I sometimes didn't think I would get through.

Thanks for the memories!

The Final Daze

The last footsteps echo down the corridors, goodbyes are said to classmates, teachers acknowledge hard work and good classes, gym lockers get cleaned out, returning students look for summer jobs and graduating seniors begin their new life in *the big world*.

Such are the final days. No feeling is quite like the ending of another school year. Sure, finals are taken, yearbooks handed out and seniors graduated; but something is always different. Could it be ourselves that are different?

Susan,

Well, we've only
got 2 more years
to go. This year
has been sort of
funny but the best
years are yet to
come. I can't wait
until our senior
year. If you know
what I mean. Even
though we didn't
have any classes
together we still
stayed good friends.
Good luck in the
years ahead in
everything you
undertake.

Best Wishes

Susan:

Well, you have
come to your
junior year and
I am going to my
senior so good luck
to you and with me
too.

It has been good
having you in my
English class this
year and I am glad
that we have become
friends again good
luck in the summer.

P.S. Stay Sweet:

Susan,

Hey chick! Well, I haven't really known you a long time but it sure does seem like it! I think that you are one of the sweetest people. I'm glad you're a really close friend of mine because you're a good example for me. I'm proud of the way you are and that you don't let people push you around. You are really special to me. I hope you have a good time modeling and I hope one day that you really do become a model. We've had a lot of fun ~~and~~ and that's really surprising at this boring school. Like chasing William and Leil around. I hope my mom will let me come see you at your fashion show. As soon as I get ungrounded I'm gonna do something really wild so you're gonna have to straighten me back out. Okay? This summer is gonna be fun. I hope and maybe I'll get married. Hopefully. Anyway I think you are ~~a~~ really sweet and will go far in life! I hope everything you do is a success. Stay sweet & pretty!

Love ya,
Hilda

P.S. You better be good over the summer & not get into any trouble.

Susan,
you have been
a wild and crazy friend,
I am glad we had a
class together. Hope
we have more together
next year.

Susan,
Well girl, this is it "finally!"
we can opt out of this class!!
It's been really fun having you
in my class & getting to know you.
You're a real nice girl. I hope
you make it good in your modeling.
You're real ~~cool~~ pretty with a good
personality. I know you will make it
far in life!

Good luck with everything this
summer. I hope I see you in
one of my classes next year.

Susan,

Imagined that we have become good friends
We've had some bad times in English especially
with George Clark (dog) and Chad Reynolds. Plus
Mrs. Doman. Crazy Room! I enjoyed going to church
with you. I wished I was a good girl but I've
got a lot of problems. But you really have helped
me by standing up for God. I hope you stay like
you are then you will go far in life. It's been
2 years for us being friends but this year
we really become good friends. You are a very
sweet & pretty young lady.

Susan,

You have been a great friend last year and this year. Good luck with all the guys who have a special place in your heart. Don't worry about ~~the future~~, it'll come around. You have a great potential to be a great person. Thanks for helping me give Mrs. Damon a hard time. Also thanks for always being around when I needed to talk to someone. Well another year has finally passed by. We are now Juniors! Keep on standing up and out for God. You will receive a great reward for your good works, don't ever let your shield down. You have stood up for God when many people would have given up, you're on a good road, stick with it. Well, guess I've taken up enough room, I will always remember your good works and the kindness you've shown towards me.
